

**Kevin Bygate**

Chief Executive Officer, SPECIFIC

Kevin has held a number of senior line positions throughout Tata Steel Europe (formerly British Steel), including General Manager within the Colors business & various operations and Engineering roles throughout the company. Kevin is currently Business Development Director for Tata Steel Colors and CEO, SPECIFIC, comprising responsibility for Business Unit Strategy and product and market development. Kevin's work is mainly centered on how technology can contribute towards delivering sustainable development and advanced manufacturing, especially in the built environment. Kevin is a Chartered Engineer and is a board member of the Scientific Advisory Council for Wales where he advises on the role of innovation towards economic growth. He is also the Chair of the Sustainable Business Envelope Centre.
